Nature of business: De-cluttering, downsizing, packing, scheduling movers and unpacking services; whether it is a senior, corporation or family. We strive to make each and every move seamless and simple. At the end of the move-in day, every box will be unpacked, trash gone, beds made, toothbrush in its cup and pictures hung.

How long have you been in this business? This is my fourth year in business. I have more than 20 years of experience in relocation-move management, doing everything from supervising and coordinating relocation moves into office buildings, residential homes and senior communities.

What inspired you to start your business? After my mom passed away, I was helping my dad deal with his emotions and started to help him downsize, realizing how hard it was for him. I knew I could assist other families and seniors in the tough process of downsizing, de-cluttering, estate sales and coordinating moves and relocations, as well as providing other resources, thanks to my long experience in this area.

Business Profile

What obstacles have you overcome in your professional life? Trusting my ability to stand up in front of a large group of professionals and to be able to present my story on how I got started and the services my company offers in a clear and concise form.

What are your greatest accomplishments? Professionally, coordinating an out-of-state move, downsizing from a 3,000-square-foot home to a 770-square-foot senior apartment; including arranging for an estate sale, moving all valuables and artwork, shipping of a car, transporting the client and unpacking — all in two days.

What advice do you have to offer other professionals? Treat others as you wish to be treated.

How do you contribute to the community? I volunteer with and support the Alzheimer's Association and Alzheimer's Foundation, DUET, serve as a committee member for various charity events, and worked with Rebuilding Together (in Louisiana, after Hurricane Rita, and locally in a Valley of the Sun Paint-a-thon). I also serve on the following boards, NASMM (National Association of Senior Move Managers) and HSPA (Human Service Professionals Association). I am a member of local and national chapters of NAPO (National Association of Professional Organizers), as well as AASRS (Arizona Association of Senior Relocation Specialists).

Favorite sport: Golf, participating in golf charities and on the committees.

Family: My dad, Seymour; my sister, Lauren, her husband, Leon Mayeri, and her sons, Aaron and Ezri; and my brother, Andrew.
